

OUR COMMITMENT

SATISFACTION

Your logo'd apparel is a representation of your business. It's important that you can wear it with pride and feel good about what it looks like. We believe that your satisfaction is most important. If for whatever reason you aren't happy with your order, let us know and we will make it right.

ALL IN PRICING

We feel that if you are going to work with us to create your logo'd apparel and promotional products it will require set up and artwork formatting to get the job done right. We don't see that as an extra charge; it's part of what we do, and that's why we offer one price.

PRICE MATCH

We pride ourselves on being competitively priced but from time to time we see lower prices. If you have a quote from a local competitor, and would like to work with us, no problem. Just bring us the quote and we will be happy to match or beat that quote.

ORDER SIZE

We know that not everyone needs 500 T-shirts. We are happy to do your one- off custom T-shirts or several hundred for your next big fundraiser or event. In either case, we are committed to getting your job done to your satisfaction at a fair price.

DELIVERY TIME

It's important to know that when we say we will get your job done, we will get it done by that date. If we get done earlier than quoted, we will call to let you know it's ready early. Typically orders take 2-3 weeks.

RUSH SERVICE

Sometimes you need things quickly. We can help. In many cases we can accommodate rush requests with no additional cost. If not, there's a 20% surcharge to guarantee your order will be ready when you need it. Just ask -- we are here to help.
